

Philipp Mattle, Head renewables & environment

- Studies of
 - Environmental engineering (dipl. EPFL)
 - MSc in Renewable Energies (EUREC)
- Studies in
 - Lausanne
 - Galway (Ireland)
 - Zaragoza (Spain)
- Working in
 - Lausanne, Biel, Zürich, Landquart, Bern

Philipp Mattle, Head renewables & environment

- Career
 - Engineer
 - Project developer
 - Consultant

- Head of renewables & environment @ E+B
 - Team of 5 engineers
 - Many projects of renewable energies throughout Switzerland
 - Project duration often very long 5-10 years (idea to realisation)

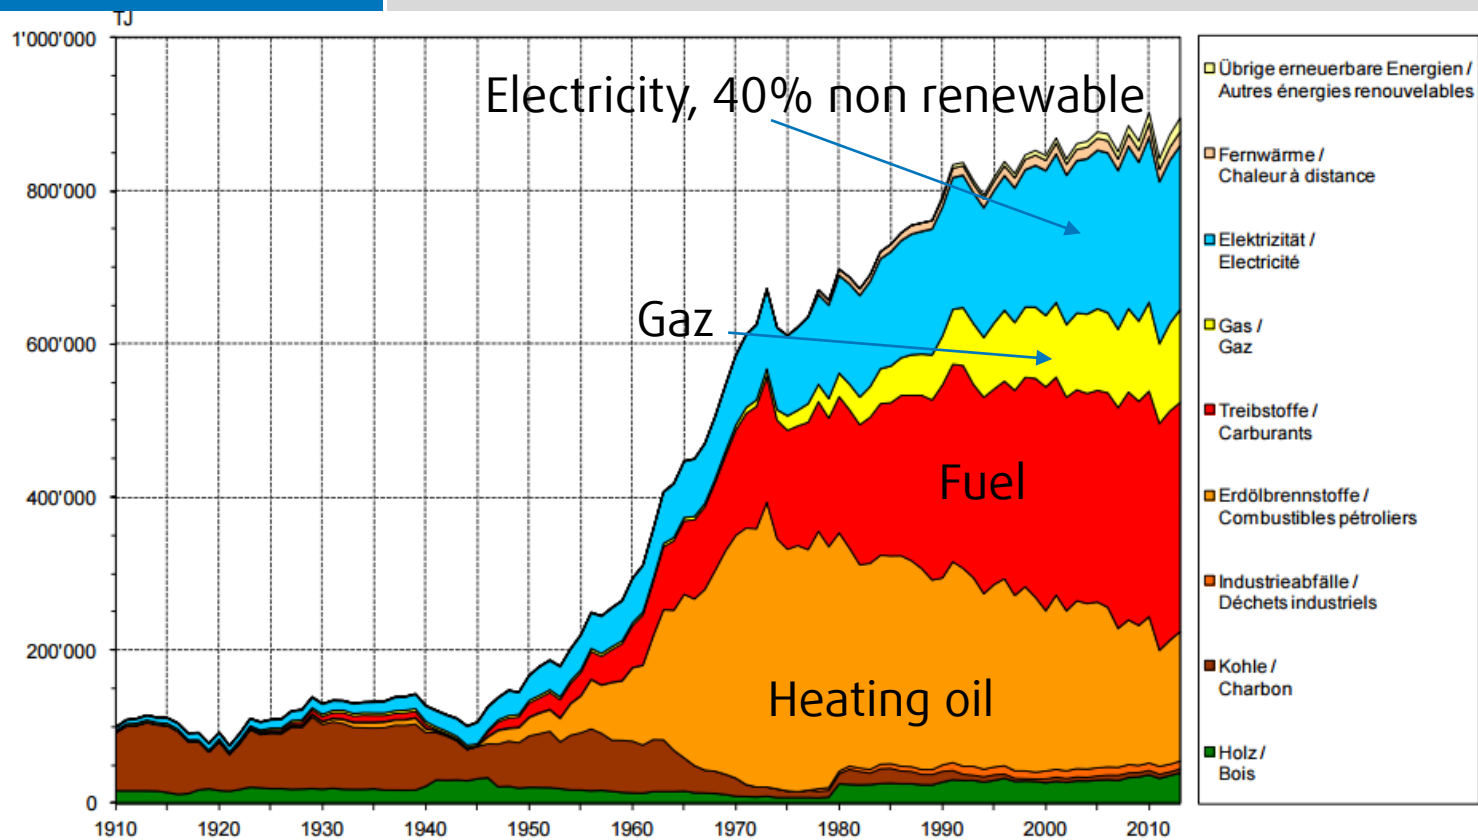

Recent Projects

Period 2008 – 2015
Location Switzerland

- Wind energy
 - Feasibility studies, engineering, environmental impact, project management, economical evaluation
- Hydropower
 - Engineering, environmental impact, economical evaluation
- District heating
 - Feasibility studies, engineering, environmental impact, economical evaluation
- Photovoltaics

Energy consumption in Switzerland
